

ITT Primary & Secondary

Teaching for Mastery Conference 2022/23

The Yorkshire and the Humber Maths Hub is delighted to bring you this one day event specifically designed for ITT students and their mentors.

The day aims to inform and inspire you to learn more about 'Teaching for Mastery' a nationally funded initiative led by the Maths Hubs.

Book now for the opportunity to have a deep insight into the 5 Big Ideas of Teaching for Mastery, a taster in how to plan for understanding and how to use manipulatives at both Primary and Secondary.

You will hear from expert speakers and take away strategies for your current teaching practice and through your teaching career.

For more information, please visit www.mathshub.outwood.com/itt

Date:

Friday 20th January 2023

Time:

9.00am – 2:30pm

Full day conference with fantastic keynotes and workshops specifically designed for ITT students.

Location: [Outwood Institute of Education, Adwick](#)

Attendees:

Mathematics specialists: Postgraduates PGCE, SCITT, Schools Direct, Undergraduates and Teach First.

University tutors would benefit from this day by being involved in tutee discussions and their thought processes of how they will take these new ideas into their schools.
