

Jan 2024

Welcome to the first newsletter of 2025. We hope you are well rested and that you had a great break. In this newsletter we have some exciting opportunities, some interesting Podcasts and different ways in which you can access FREE professional development.

Our website is currently being redesigned so please watch out for announcements on our [Socials](#) for the launch date. This term, we have exciting opportunities for our schools that are Sustaining Teaching for Mastery to access live lessons across South Yorkshire covering problem solving, Mastering Number, mixed-age teaching and many more! If you want to get in touch, **please contact us on admin@symathshub.org.uk**

South Yorkshire Maths Hub is one of 40 Hubs across England and serves schools across Barnsley, Doncaster, Rotherham and Sheffield - that's 527 schools! We have a team of 57 Local Leaders of Maths Education who lead professional development across the region. Many of our LLME are teachers currently working in schools near you. We are here to listen to your priorities and work with you to develop them. Our offer can be found on our website and if you would like an opportunity to chat through what might best meet your needs, one of our team will be happy to get in touch and discuss this with you and your team.

**Maths Professional Development Leadership
Opportunities for 2025/26**

The NCETM and Maths Hubs are now accepting applications for programmes designed to *develop teachers as experts in teaching for mastery and the leadership of professional development*. The links below will take you to the webpage of each programme with full information and details of how to apply. You will be asked to create an Axis account if you do not already have one to be able to submit your application to your local hub (South Yorkshire Maths Hub)

The closing date for applications is **5pm on Friday 14 March 2025**.

Data Privacy

The South Yorkshire Maths Hub and Notre Dame high School collects and hold a certain amount of data about individuals involved in our work.

The data includes name, email address and establishment. The agreement between us and the Department of Education requires us to monitor and evaluate our work as a Maths Hub, and this is the legal basis for the data that we hold, on. Such data is reported on a regular basis to the NCETM and shared with those individuals and organisations who are providing Maths Hub Leadership in our region to enable them to communicate with participants. In addition, we use this data to keep in touch with you on professional development opportunities and related matters.

Newsletter registration

We collect and hold data of individuals who have registered to receive e-newsletters we send as part of our role in coordinating the South Yorkshire Maths Hub. The data includes name, school and email address. This data is used solely for distribution of newsletters and Hub related communication and is not shared. Personal data held for the distribution of newsletters will be retained until such point that you contact us to request that we remove your data from this list.

If you have any questions or concerns around our privacy policy please contact data@notredame-high.co.uk
